

# Linkr Multipath Film Workshop

a free collaborative film making event

Calling all actors, artists, film makers, script writers, directors, producers, gaffa's, musicians, sound engineers and anyone else with a creative leaning.

Multipath film making is a new way of thinking about interacting with films which is similar to those old Choose your own Adventure books, but using online video. It allows people to contribute their own sections of the story.

We are also looking for 3 musicians or composers, 1 to be featured per weekend

After the workshop will be a large public screening at the Mercury cinema to show the videos produced from the July and Feb Linkr workshops

Workshops are at the **Media Resource Centre, 13 Morphett Street, Adelaide SA 5000**

Workshops run on 3 weekends in July  
> July 10,11 < > July 17,18 < > July 24, 25 <

To express your interest in this amazing experience go to <http://linkr.filmsonthefly.com>
